

Additional Voluntary Contribution Arrangement - Manage Your Account

Introduction

Members of the SCPF AVC Arrangement, which is managed by Legal & General (L&G), are offered a range of investment funds where they can invest their contributions. The Trustee is responsible for choosing the range of funds. The range of investment funds offered provide members with the opportunity to choose a fund, or a mix of funds, that are suitable for their investment aims.

L&G have an on-line facility for SCPF members, [Manage Your Account](#) (MYA), which offers:

- **Flexibility.** You can monitor your pension plan and follow investment performance and view your annual AVC statement.
- **Opportunities.** To view and change where your money is invested so you can make sure it's working hard for you.
- **Choices.** You can request benefit and unit statements and explore your investment options.
- **Education.** You can look at factsheets about current and potential funds so you can keep informed.

MYA does not show AVCs invested in L&G's With-Profit fund and does not allow you to amend your contribution rate.

If you would like information about your investments in the With-Profit fund or you would like to make a change to your contribution rate, please contact the Pensions Administration Team UK-PensionsAdmin@shell.com.

Registering for MYA

In order to register for Manage Your Account, please follow the instructions below:

- Enter the website address: www.landg.com/shell
- Click 'Manage Your Account'
- Click on 'Register now'
- Select 'continue'
- Enter your personal details including email address and AVC Account number
- Confirm you have read and accept the terms and conditions.

You will receive confirmation of your registration and your login details from L&G by email.
